

About interviewstream

interviewstream connects recruitment teams to quality candidates through digital interviews. We strive to make the job search and interviewing process easy on both candidates and recruiters

Northwest ISD increases quality of hire with interviewstream

About Northwest ISD

- Northwest Independent School District is a North Texas public school district based in Fort Worth, Texas, containing 28 total schools, including 18 elementary schools, six middle schools and four high schools
- Employs 7,500 people

Client Challenge

- Northwest ISD was one of Texas' fastest growing public school districts and faced constant demand for quality teachers.
- The district averaged 500 to 700 applicants per teaching position and needed a better system for screening a large number of applicants in a short amount of time.

Client Results

- Northwest ISD uses interviewstream On Demand to quickly screen candidates' video responses to customized interview questions, helping recruiters discover quality teachers at the beginning of the interview process.
- The district enhanced the quality of the applicants they invited in for face-to-face interviews.
- Interview Connect helped the district expand their applicant pool by allowing those who live outside the area to participate in digital interviews.
